**RE: Zika Virus**

Dear MOL Customer:

You may have read that Chinese authorities have added the United States to the list of countries for which anti-mosquito treatment is going to be required for inbound shipments.

At this time, MOL is attempting to ascertain information regarding how and where the requirement will be enforced. We will provide updates as that information becomes available.

In the meantime, we suggest that you stay in close contact with your consignee on this issue.

As always, we appreciate your business.

Sincerely,

MOL (America) Inc.
